DragonFly

HAS ARRIVED!

At WH Security, we realize one size doesn't fit all. That's why we're offering DragonFly: a completely wireless, do-it-yourself home security solution fit for your vacation home, second residence, or friend/relative who's renting.

DragonFly provides video verification of activity based on the location of your wireless, motion-activated camera(s). You can then view video alerts, arm and disarm your system, dispatch emergency services if you choose to self-monitor, and much more all from the mobile app. It even comes with easy installation instructions.

Worried about monitoring your own security system? You can get the same first-class monitoring all WH Security customers receive from WH International Response Center (WHIRC) for a monthly fee of \$30.

Because DragonFly is completely wireless, you can easily customize and tailor it to fit a new residence should you move.

The time is now to take control of your home's security. Order DragonFly today at www.wh-security.com or call (844) 581-4241 for more information.

Convenient Payment Options from WH Security

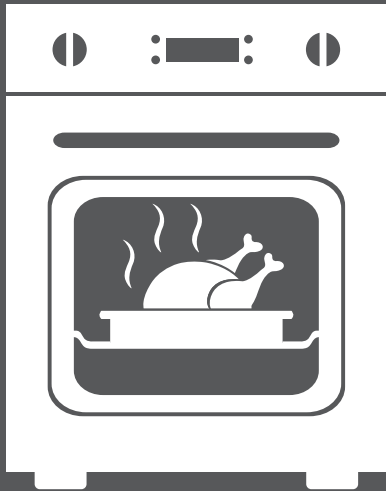

Is part of your New Year's resolution to get more organized and cut down on clutter? If so, consider switching your WH Security payments to EZ Pay, or utilize our online payments feature.

EZ Pay is just that — easy! It simplifies your billing by automatically drafting your payment from your bank account or credit card each month. If you would like to make a quick one-time payment on your bill, WH Security also offers online payments.

Visit <http://goo.gl/DXUgQf> for more information, or to make a one-time payment. To sign up for EZ Pay, call (763) 477-3664.

WH Security

Benefits of INTERACTIVE SECURITY

Do you wish you could access features of your home from your mobile phone or tablet? If so, WH Security's interactive security services are the way to go.

Through an app, you can take control of many different aspects of your security system anywhere you can access the Internet, such as:

- Arm and disarm your system and check the arming status at any time.
- Receive real-time notifications by text or email to know what is happening at home the moment something occurs.
- Check the history or search for specific events that have activated your security sensors.
- Set custom lighting schedules or control your lights whenever you like.
- Lock and unlock doors remotely.
- Turn on your air conditioning or heating system.

WH Security's interactive security services make home security and energy management a breeze, and can be added onto existing systems or installed as a part of a new system. For more information, visit <http://goo.gl/XbfPKS> or call (763) 477-3664.

1 + 1 = 0 MONTHLY FEES

ADD SMOKE + CO SENSORS WITHOUT INCREASING YOUR MONTHLY BILL.

When you purchase smoke and CO sensors they are active and professionally monitored 24/7 whether or not your system is armed—providing peace of mind.
