SIX TIPS TO PREVENT BURGLARIES

According to the FBI, nearly 1 million burglaries took place in America during 2022. While home burglaries have decreased over the past decade, it remains a real concern for many Americans.

With a visible security system in place, the chance of your property being burglarized is reduced by 53 percent (security.org). They can also help deter vandalism and theft.

Security systems provide a visible warning to potential criminals that their actions are being monitored and recorded. Besides installing a custom WH Security system, here are six other tips to help prevent property crimes:

1. Keep your trees, grass, and other plants trimmed. It is easier for criminals to hide in overgrown shrubbery.
2. Maintain your home. Burglars will look for older window frames and doors that are easier to break.

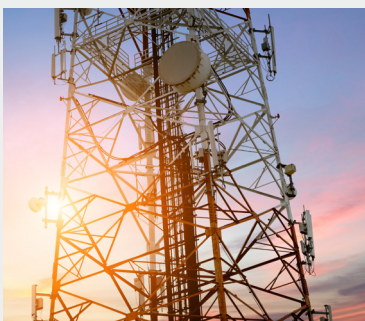

3. Install good lighting. Dark spots make it easier for those with bad intentions to move through your home, property, or business.

4. Keep lights on even if you're not home. Consider adding timers on your lights to turn them off and on, and leave a radio or TV on inside.

5. Lock windows and doors. Install deadbolts on exterior doors and place a sturdy stick or metal bar in the track of sliding doors and windows to prevent them from being opened.

6. Place a WH Security sign outside your home.

WH Security offers full intrusion protection, including glass break sensors, window and door sensors, and cameras. Systems are custom-designed to meet the unique needs of each home, and professionally installed so you can be sure it is working properly. All new systems are locally monitored 24/7 to rapidly alert you and emergency services to a break-in.

UPGRADE YOUR SYSTEM TO CELLULAR

Recent changes in technology have made landlines less reliable and can interfere with your system's ability to communicate with the monitoring center.

While there is some cost for the new cellular communication equipment, switching can often save money over time. If you believe your security system is communicating over a landline, contact our office at 763.477.3664 to discuss your options.

MINNESOTA SUMMER BUCKET LIST

With summer just around the corner, it is a great time to start planning for some fun! Here are some ideas to add to your summer bucket list:

Cheer on the Minnesota Twins at Target Field. mlb.com/twins

See the Mississippi River headwaters at Itasca State Park. bit.ly/3UfamyY

Go tubing down the Cannon Falls River on a hot day. welchmill.com

Take a road trip to waterfalls across Minnesota. bit.ly/3TUzIWj

Go on a Juicy Lucy tour — compare burgers from Matt's Bar, 5-8 Club, The Nook, and Blue Door Pub. <https://bit.ly/jucylucymn>

Pick your own produce at Knapton's in Rockford, MN. knaptons.org

Eat your way through a fair or festival. bit.ly/4aIzdBv

Explore the state parks along the north shore. northshorevisitor.com
